WORK EXPERIENCE

Eutropia-IT Solution - Web Developer Intern

September 2024 – February 2025

- Developed responsive web applications using React.js, TailwindCSS, and JavaScript.
- Collaborated with the design team to implement modern, user-friendly UI components.
- Improved performance and responsiveness across desktop and mobile platforms.
- Participated in code reviews and team meetings to enhance development workflows.

SKILLS

Programming Languages: HTML, CSS, JavaScript, Python.

Frameworks and others: React, Next, Tailwind, Bootstrap, Node, Express, PostgreSQL, MongoDB.

PROJECTS

Chat App

Live link | GitHub

Tech: React, Node, Mongodb, Tailwind, Socket.io, Zustand, Cloudinary, DaisyUI

- Real-time messaging using Socket.io, featuring seamless desktop and mobile experiences.
- Implemented JWT auth, cookie-based sessions, and secure password hashing with bcrypt.js.
- Integrated Cloudinary for image uploads, Zustand for global state management.

E-commerce Store App

Live link | GitHub

Tech: React, Tailwind, Node, Mongodb, Redis, Stripe, Zustand, Cloudinary

- Built a full-featured e-commerce app with cart, checkout, and Stripe integration.
- Implemented JWT-based auth with refresh tokens and secure session handling.
- Admin dashboard with product, user, and order management, Redis caching for performance.

Doctor Appointment Platform

Live link | GitHub

Tech: Next.js, Clerk, Prisma, Vonage, Tailwind, PostgreSQL

- Developed a scalable appointment system with role-based dashboards for Admins, Doctors, and Patients.
- Integrated real-time video consultations using Vonage API for seamless in-browser calling.
- Implemented secure authentication, dynamic routing, and appointment scheduling using Clerk and Prisma.

AI Assistant Chatbot

Live link | GitHub

Tech: Next.js, OpenAI, Clerk, Apollo GraphQL, Tailwind, PostgreSQL

- Developed a real-time chatbot platform with OpenAI integration for human-like responses.
- Secured role-based access for admins and guests using Clerk authentication.
- Built a responsive UI with Tailwind CSS and managed data via Apollo Client & Server.

EDUCATIONAL QUALIFICATION

Bachelor of Computer Science and Engineering
University of Asia Pacific 2019 – 2024

Higher Secondary Certificate
Birshrestha Munshi Abdur Rouf College 2016 – 2018

Secondary School Certificate
Motijheel Ideal School and College 2014 – 2016

TRAINING & CERTIFICATION

Creative IT Institute (Certificate) - Frontend Development with React.

FreeCodeCamp (Certificate) - JavaScript Algorithms and Data Structures

Bongo Academy (Certificate) - Android App Development

RESEARCH EXPERIENCE

Multiclass Skin Cancer Classification Using Transfer Learning Models with Explainable AI –

This work presents an analysis of deep learning and transfer learning models for skin cancer classification, with a focus on the applicability of Explainable AI (XAI) techniques to improve interpretability.

ACHIEVEMENTS

- Tech volunteer in university campus Ideathon contest.
- Former member of science club in school and college

PERSONAL INFORMATION

Nationality: Bangladeshi

Date of Birth: 02-07-2000

NID: 6911281381

Marital Status: Single

Present Address: 21, South Khilgaon, Dhaka-1219
